Please email the application form as a **PDF document** to awards.dsi@utoronto.ca by **November 24, 2021 | 12 pm noon EST**. The file should be named **[Last name, First name DSI ResSoftware]**

Applicant

Name	
Institution of primary budgetary appointment	
Division (if applicable)	
Department (if applicable)	
Email address	

Co-Applicant (if appropriate)

Name	
Institution of primary budgetary appointment	
Division (if applicable)	
Department (if applicable)	
Email address	

1. Describe the problem requiring support from the Research Software Development Team (1/4 page)

- 2. Describe the scope of the required software, how it is intended to be used, and how it might be used by other groups. Explain why existing software is not sufficient. (1/2 page)**

- 3. Explain the current status of the software to be developed, including an estimate of the number of users and an estimate of the number and range of intended users after working with the Research Software Development Team . (1/4 page)**

4. **Describe the strategy for engaging with and supporting the Research Software Development Team to ensure a successful outcome within the intended timeframe. (1/4 page)**

5. **Describe how the software could be re-used outside of your discipline and include a plan for such re-use if possible (e.g., describe a specific data set from another discipline that would be usable by the software, include a co-applicant and corresponding use case from another discipline). (1/4 page)**
